What is Essex Pride?

Essex Pride is an annual event that aims to inspire our community to celebrate diversity and demonstrate that local organisations, businesses and people embrace equality together.

Essex Pride is a not-for-profit registered charity and has grown each year since it began in 2003 and was included as part of the successful bid for Chelmsford to receive City Status.

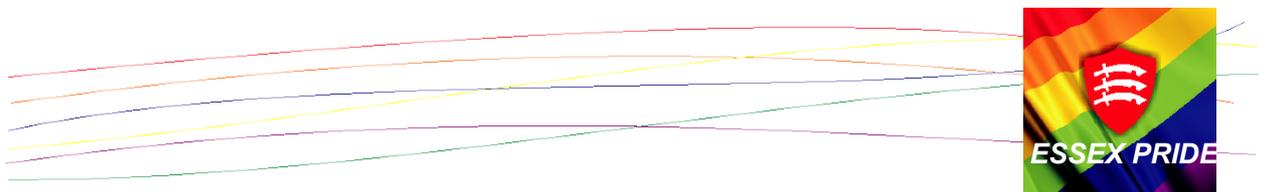

Whilst we promote equality, host events and work all year round, our main event takes place annually at Central Park in Chelmsford, which attracts over 4,000 people. In 2019 the date is set for Saturday 15 June 2019.

Why should my organisation get involved?

By getting involved with Essex Pride, your organisation or business will be able to showcase its work and products, plus demonstrate a commitment to equality and diversity. You will be sending a powerful message to your employees and customers.

We are committed to our supporters through promotion of their engagement with Essex Pride and each year we are featured on local and regional radio and television programmes as well as Newspapers, Magazines and Online.

Being involved will also give you the chance to network with other forward-thinking businesses, Local Authorities, and potential customers.
